

GOVERNING INHERITANCE STATUTES
AFTER THE ENTRY INTO FORCE
OF EU SUCCESSION REGULATION

GoInEU

The conference aims at disseminating the results of the Project GoInEu co-funded by the European Commission under the Justice Programme and it is in line with UNIFI Department of Excellence seminars on "The European and transnational dimension of legal studies".

Three training credits are allocated to participating lawyers on non-compulsory subjects for attendance to the morning session, while other three training credits, of which one on a compulsory subject, are allocated for the afternoon session.
For participating notaries, 12 training credits are allocated.

THE LOGO REPRESENTS THE PROJECT IN ALL ITS ESSENTIAL ELEMENTS.

It symbolizes how, under the guidance of the European Union - to be found in the twelve stars of the founding countries - new procedures are activated and applied in an orderly and uniform manner following the recent entry into force of the European Regulation on successions - identified in the prospective circles which are directed towards and in turn come from the European Union. The latter is obviously a cornerstone of certainty and respect for Community law.
